EXHAUST ZARD MAKO HOMOLOGUED DUCATI DIAVEL V4 - ZDU008S00SCO

ZARD MAKO SILENCER APPROVED DUCATI DIAVEL V4 - ZDU008S00SCO

The exclusive ZARD exhaust system dedicated to the Ducati Diavel V4 has been designed with an extraordinary and innovative design.

This exceptional system was designed by Giuseppe Armano, the brilliant director of the ZARD Style Center, who expertly reproduced an exclusive fin shape, evoking the elegance and power of a moving shark. Hence the name "MAKO", inspired by one of the fastest and most fascinating sharks in the marine world. The fin of this magnificent shark becomes the distinctive element of the exhaust system, giving it a unique and recognizable personality but above all an important aerodynamic function of diverting the air flow.

Available for pre-order, delivery from January 2024
