WASHER HANDLEBAR DUCATI MULTISTRADA V4 - CNC RACING - RM260

WASHER HANDLEBAR DUCATI MULTISTRADA V4 - CNC RACING - RM260

Handlebar clamp spacers having a height of 20 mm. Made of light alloy by machining from solid with subsequent surface anodizing treatment.

The kit consists of two spacers having the same diameter and shape as the original riser column and two special stainless steel screws.

Installation is very simple and does not require modifications.

Not compatible with RM251 handlebar clamp, but only with the OEM factory one.

Parts manufactured by CNC RACING “made in Italy” We only use the highest quality certified materials.

The coating is provided by a renowned company with a first-class reputation in the racing world.
